

3-2-1 Protocol

3 things I have
learned from the
lesson

2 questions I
still have

1
challenge
I faced

Example from Jane Erye:

1. Jane Erye was a pretty independent woman for her time
2. Charlotte Bronte could write a really good romantic comedy
3. You should marry for love, not convenience

1. Would the book have been as effective if it were told in third-person rather than Jane's perspective?
2. With the book being written in 1847, does it still have lessons for those in the 21st century?

1. Not waiting until the last minute to get the reading in. Instead of reading 100 pages in a day, maybe if I read 25 a day over the course of the week I would enjoy it better
